

Blue Permanent Mount Flag Solar Assembly

KE-125-KS

Eliminate the human element and save batteries, our photocell equipped blue lights will automatically turn on at dusk and shut off at sunrise. We offer both battery and solar operated lights for our durable permanent mount blue flags available upright or side mount.

Great For:

- ▶ 24/7 Protection without having to search for flags and lights
- ▶ Outside shops
- ▶ Locations where normally in the upright position to utilize solar charged lights
- ▶ Runs up to 5000 hrs. or 417 days on (2) 45 ah batteries (flashing 12 hr/day)
- ▶ Rear shock absorber protects light in the down position and keeps off the ground
- ▶ Welded, positive locking latch can easily be locked/unlocked (with your foot) without bending down
- ▶ Base plate accepts two spikes or can be bolted to tie

*SOLAR LIGHTS ONLY TURN ON IN THE ABSENCE OF LIGHT
