

LED Forklift Approach Warning Light

UL Approved Forklift Safety Light

KE-LTRL-2

Description:

The KE-LTRL-2 is designed to enhance workplace safety by alerting pedestrians of forklifts approaching blind corners or forklifts entering and exiting trailers. The Red LED light projects an intense spotlight 10 to 20 feet ahead of the forklift to alert the pedestrian of nearby traffic. The KE-LTRL-2 can be installed on the front or back of any forklift, sweeper or any other piece of industrial equipment.

Features:

- Input:** 10-65 DC volts range
- Light Type:** 2-Cree Red LED
IP67 rate
7G Shock Resistant
- LED Life Rating:** 50,000 hours
- Size:** 5" W x 3" H x 3.25" D
- Mounting Bracket:** 140 degree swivel
- Cable Length:** 8" with clips

The Safe Spot has two LED lights and lenses to ensure a visible red spot on the floor and an excellent heat sink design to ensure long LED life.

The KE-LTRL-2 meets UL approvals UL558 and UL583.
