

Permanent Mount Base

KE-125

NOW AVAILABLE IN SOLAR (Via Side Mount)

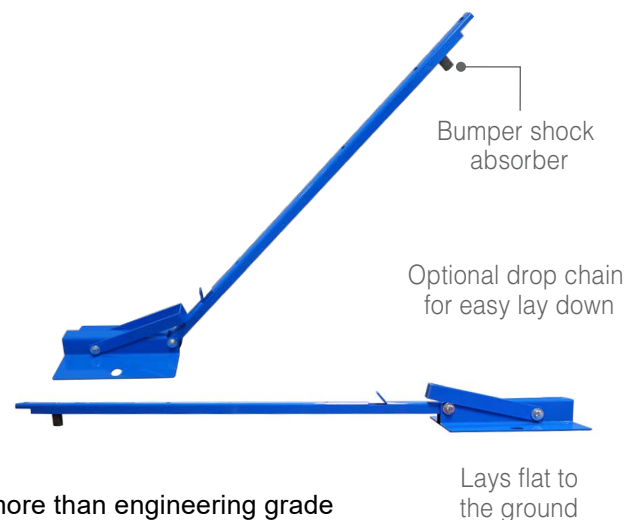

PLEASE SPECIFY COLOR WHEN ORDERING!

Great For:

- ▶ 24/7 Protection without having to search for flags and lights
- ▶ Outside shops
- ▶ Locations where normally in the upright position to utilize solar charged lights

Features:

- ▶ Eliminate the human element with 24/7 protection
- ▶ Now has a lower mounting option
- ▶ H.I.P. reflective sign
- ▶ Only one moving part, no springs
- ▶ Lays flat to the ground
- ▶ Optional drop chain available for easy lay down (KE-125CHAIN)
- ▶ The entire unit is powder-coated for increased durability
- ▶ Custom signs can be ordered
- ▶ Available in other languages
- ▶ The sign is 100% reflective – new diamond grade reflects 3 times more than engineering grade
- ▶ Integrated photocell on both solar and battery-operated lights automatically activates at dusk/dawn and saves battery life

Permanent Mount Hinged Blue Flag Assembly:

- ▶ Runs up to 5000 hr or 417 days on (2) 45 ah batteries (flashing 12 hr/day)
- ▶ Rear shock absorber protects light in down position and keeps off the ground
- ▶ Welded, positive locking latch can easily be locked/unlocked (with your foot) without bending down
- ▶ Base plate accepts two spikes or can be bolted to tie
