Amber Track Clearance Solar Indicator Light

Ask about custom options!

Part# RH-TC1200-A

Prevent derailments and keep your tracks clear with our high-visibility clearance markers. These easy-to-install solar-powered markers are mounted on the outside of rail ties at clearance points, so you can easily see where the clearance is for adjacent tracks. This helps to prevent cars from being left foul, which can lead to derailments and other safety hazards.

Features:

- Amber reflective inserts improve visibility
- Easy to install

Specifications:

CASE MATERIAL:	Aluminum w/PC inserts
SIZE L X H:	4.84" x 0.90"
WEIGHT:	0.36 lbs
LIGHT SOURCE:	12 LEDs
VISUAL DISTANCE:	Up to 500 m
WATER-RESISTANT:	IP67
CRUSH-RESISTANT:	5 tons
BATTERY:	1.2V 1,200 mA Ni-Mh
SOLAR PANEL:	2V/250 mA single crystal silicon
